

Sound Check for Adobe Connect

Once the session has begun, do the following sound check using the **Audio Setup Wizard**:

1. Go to “Meeting”
2. Select “Audio Setup Wizard” (see picture below)
3. Click “next”
4. Click “play sound” (to check whether the sound is working)
5. That’s all you need to do; if the sound works click “cancel” (to exit the test)
