

Superscript – “...to the power of...” or exponential notation

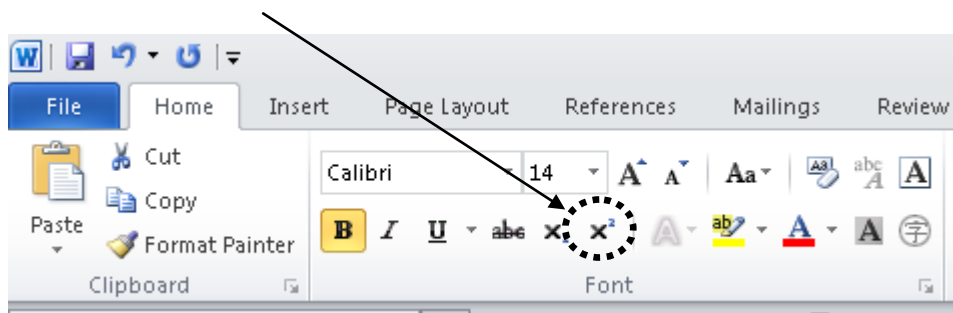

Microsoft Word

You may need to create superscript characters within your writing and formulas. The superscript sits just above the current line. eg. To change this: **A2 + 2ab + b2** to this: **A² + 2ab + b²**

1. Highlight the number(s) that you wish to adjust.

2. Home > Superscript

3. Done!
