

Wrap text in cell

Microsoft Excel

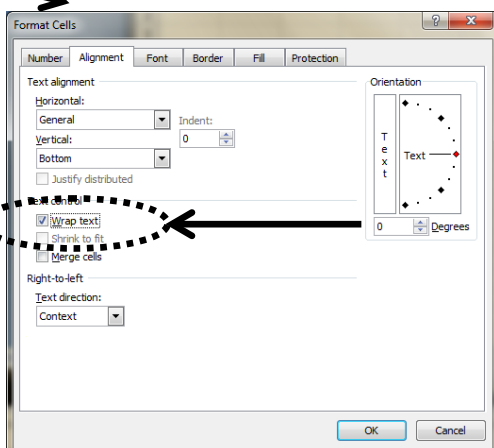

1. Select the cell that is to be wrapped text

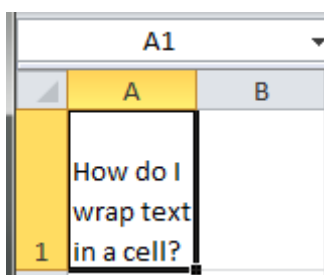

2. **RIGHT** click on the cell > **Format Cells** (Alternatively go to **Home > Format > Format Cells...**)

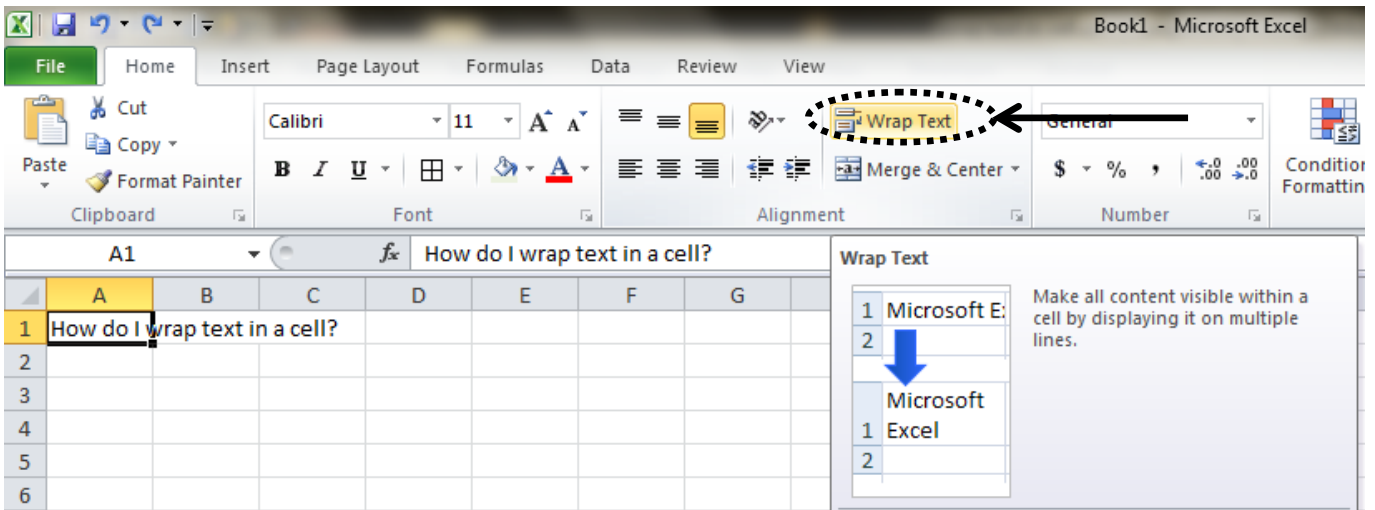

3. Tick **Wrap text** in the **Alignment** tab > Click **OK**

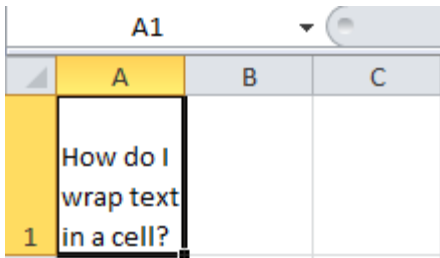

4. Done!

1. Select the cell which you would like to wrap text in.
2. Select the **Wrap Text** button on the **Home** tab

Home > Wrap Text

The screenshot shows the Microsoft Excel interface. The ribbon is set to 'Home', and the 'Wrap Text' button in the 'Alignment' group is highlighted with a dashed circle and an arrow. The task pane on the right is titled 'Wrap Text' and contains a preview of the text 'Microsoft Excel' wrapped across two lines, with a blue arrow pointing down between the lines. The text 'Make all content visible within a cell by displaying it on multiple lines.' is also present in the task pane.

The screenshot shows a close-up of the Excel spreadsheet. The text 'How do I wrap text in a cell?' is displayed in cell A1, wrapped across two lines. The text is 'How do I wrap text in a cell?'.

Done!
